## Junior Aquathlon Race Pack

Welcome to the Race Pack for the Thames Turbo Junior Aquathlon. If you have raced the previous event, you should still read this from start to end as many aspects of the event have changed, including the location.

### RACE LOCATION

The race will take place at The Lady Eleanor Holles School Pool,  
Hanworth Road  
Hampton, Middlesex  
TW12 3HF

### RACE RULES

The race will be run according to the rules of the British Triathlon Federation. These can be found at [www.britishtriathlon.org](http://www.britishtriathlon.org)

If for medical reasons an athlete needs assistance with transition, for instance assistance with putting on their shoes, agreement should be gained **prior** to the race by emailing the Race Director. A parent/helper will be issued with a badge and allowed into transition only for the duration of the athlete's event. Shoes must be worn during the run. There must be no nipples on show for the run section.

### REGISTRATION & Timings

**Everyone MUST register before the race starts.** To reduce the risk of transmission and to protect competitors and event volunteers we will be holding a rolling registration with each age category registering between the specific times. Please arrive within your allocated time slot to avoid congestion at the race venue. Please wear a face covering when registering unless you have a valid exception. Please do not be late as your child may not be allowed to continue with the race.

At registration, you will collect your number (and pins if you need them; we will also be selling race belts for £6) and a timing chip and strap. Immediately after registering, please go and get the competitor's body marked with their race number and number of laps on the run course.

### RACE BRIEFING

To comply with BTF guidelines there will be no formal Race briefing before the event. It is your responsibility to ensure perform the correct number of Lengths to swim and the correct distance to run. If you have any questions, please ask a Marshall who will be more than happy to help.

Each age group has a specific starting lane and number of laps to do, and they will go up and down the lane once before switching to the next lane. Youths and Juniors will repeat the first lane a set number of times before moving down the pool lanes. Overtaking is allowed however please ensure that you pass quickly and in a safe way.

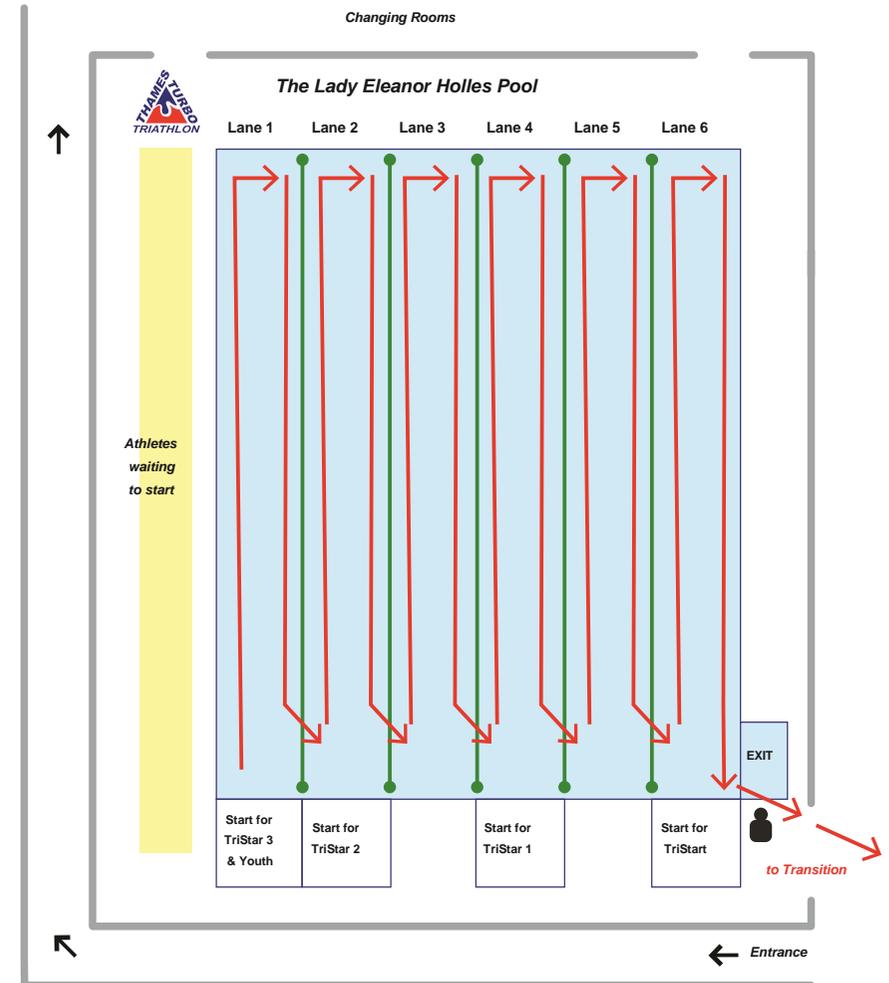

The number of lengths per category are:

- **Tristart:** 2 Lengths (50m)
- **Tristar1:** 6 Lengths (150m)
- **Tristar2:** 10 Lengths (250m)
- **Tristar3:** 12 Lengths (300m)

**Note:** Junior/Youth Category will swim 4 laps in lane 1 before going under ropes into lane 2.

### RUN COURSE

The run course will start from the playing fields next to the pool. The run will consist of lap(s) of the field. There will be water available during the run and at the finish. **Due to COVID-19 restriction we are unable to hand out bands after completion of each lap and the competitor must count their own laps.** The number of laps required for your race will be written on the back of your hand at registration. Overtaking is allowed on the Run course but please pass with social distancing in mind.

### RUN LAPS

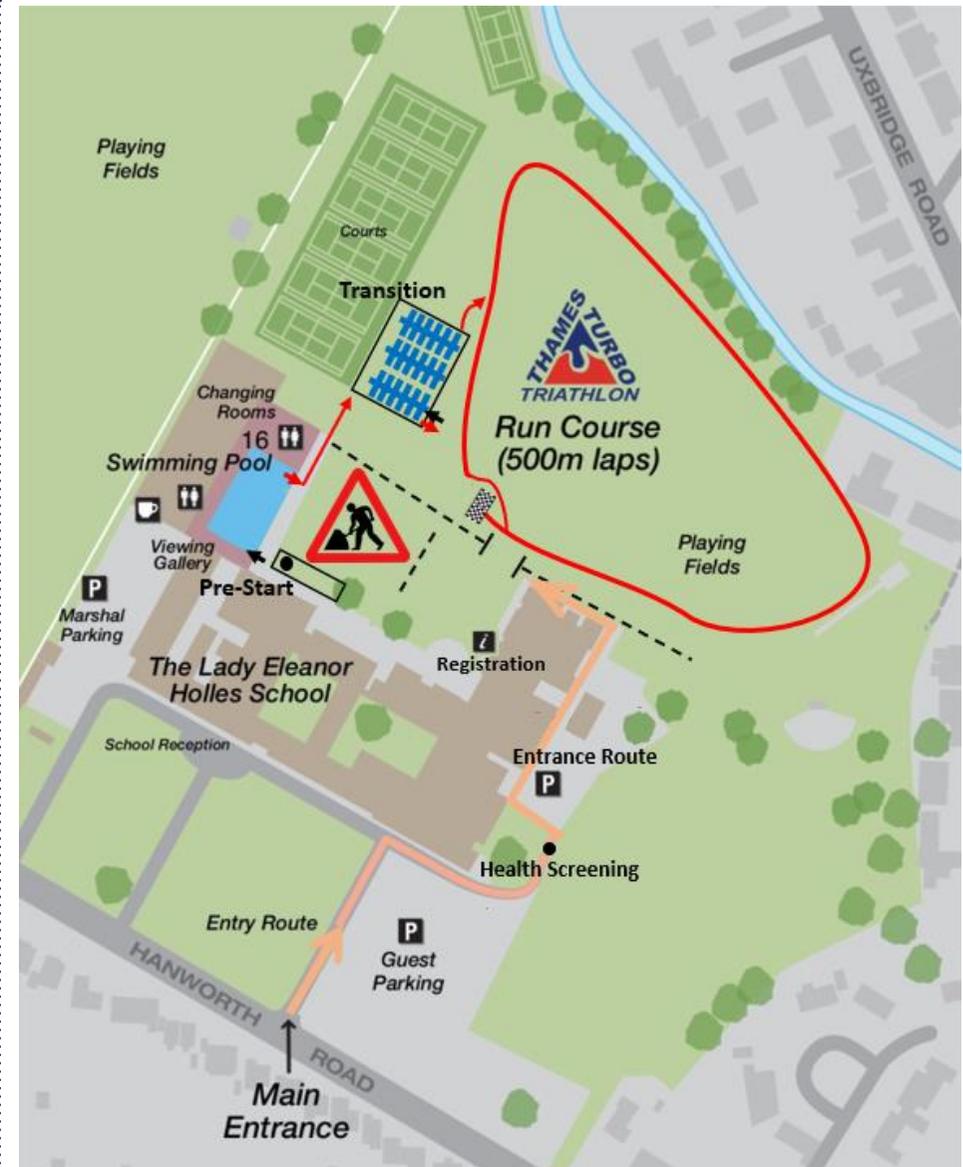

The body markers will also write the number of laps required on the competitor's hand, so they can double check for themselves. The number on their hand must match the number of laps they have completed when they finish. We will also have a timing point on the run course so this will act as an extra lap counting back-up, but the responsibility lies with the competitor.

The laps per category are:

- **Tristar:** 1 Lap (500m)
- **Tristar1:** 3 Laps (1500m)
- **Tristar2:** 4 Laps (2000m)
- **Tristar3:** 6 Laps (3000m)
- **Youth + Juniors:** 7 Laps (3500m)

### TRANSITION

Transition will be open and closed at specific times based on your age category. It will be on the grass area round the side of the pool. Masks must be worn by any competitors aged 11 or over when setting up in transition. You will be asked to place your equipment in a tidy pile. Transition will be marshalled, so if you have any problems you can ask the marshals. No competitor is permitted to move other competitor's possessions. **NO PARENTS WILL BE ALLOWED INTO TRANSITION.** Once the race has started, access to transition will be restricted to the gaps between waves, so please don't leave it too late to set up your gear. Please attempt to keep your time in the transition area as limited as possible and attempt to arrive as ready to race as you can be.
